# **Manufacturing and Distributing Optical Supplies Since 1996**

Dynamic Labs has been serving the optical community for over 25 years. Our goal of being a service minded vendor has helped us to grow along with our customers. We offer one-on-one, personalized service that enables us to learn how to best serve your business. We make it our goal to understand your business and help you be more productive and profitable.

We are not just a distributor. We are an independently American owned manufacturer. We manufacture most of our core products in our New York facility, a few miles from where we grew up. Many of our best selling items were developed in direct response to the specific needs and desires of our customers. Dynamic labs has grown to be a true full service supplier to independent retail stores, retails chains and wholesale labs. This enables our customers to consolidate their purchasing with one representative at one company; who can work directly with them to be more profitable and productive.

Some of our core product lines are:

**UltraVue™** and **Purity™** Lens Cleaners and Cloths –Many of these lines are certified by Colts Laboratories and can be personalized for you. When you personalize products it is your name on them, so it is important to us to make sure that they are the finest quality available.

**HD Silicone™ Nose Pads** – Our line of dispensary items are anchored by our HD silicone nose pads. These pads are made from our proprietary high density silicone which makes them more resistant to discoloration but remains soft and comfortable.

ProGRIP2™ Combo Blocking Pad – As lens coatings and materials have become more difficult to edge over the years, we have developed a variety of different blocking pads to solve a myriad of edging problems. The ProGRIP2™ combo pad combines the award winning DynaGRIP Xtreme™ Anti-Slip Disc with a blocking pad to make the ultimate "One Step Solution". This pad not only eliminates slipping but greatly reduces twisting as well.

ZEISS Brand and Eclipse Sunglass Lenses – Throughout the years, optical practices have often asked us for new concepts and products that can add revenue to their existing shop. Dynamic Labs has pioneered the concept of expanding an optical practice by becoming a custom sunglass store as well. The results have been extraordinary!

**Surfacing Pads and Supplies** – Conventional and Digital surfacing is as much an art as it is a science. Let us work with you to come up with the proper solutions to your surfacing needs.

In this catalog we have greatly expanded our offerings. We have added hundreds of new items to our line. Please take the time and look through this expanded catalog and let us know what you think.

We look forward to hearing from you.

David Beauchamp, CEO & President Steven Zwerman, COO & VP

# DeepS Lens Cleaner

### Uses Advanced Technology to Clean and Sanitize Lenses

The Peeps™ lens cleaner uses an advanced technology currently employed by NASA-in space, at the International Space Station, and the U.S. military.

A safe, all-natural, and effective lens cleaner that works on the molecular level. Using the carbon molecule to clean the lens surface while killing bacteria.

There are two parts to each device: a recharger and a cleaning pad. While the device recharges, an electronic reaction occurs that alters the position of the carbon molecules in the formula-restoring the cleaning pad. There is also a "green" antibacterial solution added to ensure each time it is used, the lenses are sanitized.

- · Hundreds of uses from each Peep
- Sold separately or as a 12-Pack packaged in a counter top P.O.P display
- Available in 6 colors/2 finishes
  - Electropated Rose Gold or Space Gray
  - Soft Touch Blue, Green, Lavender, and Black

### Environmentally Friendly Printable Boutique Kraft Shopping Bags

Kraft paper bags have become something of a fashion and status symbol in today's market. With quality kraft paper bags that advertise a company's brand, retailers can make a real difference while not compromising style.

Kraft paper bags also offer many eco-friendly benefits to those who use them. They are both recyclable and biodegradable. In fact, it actually requires less energy for paper bags to be recycled than it does for plastic as they pose less of a threat to the environment and wildlife.

### Cap or Acorn Nuts

Acorn or cap nuts feature a rounded top to prevent the end of the screw from protruding. They come in all the same sizes and colors as our standard hex nuts plus a clear plastic version. Most outside diameters are 2.5mm. Great for putting the finishing touch on a rimless job!

#### **Hex Nuts**

Hex nuts available in matching sizes and colors to match the screws. Outside diameter is 2.5mm.

# **Features and Benefits**

# **Quality Unsurpassed**

ZEISS Sun lens defines their own quality standards, more stringent than the international norms, to deliver premium lenses. Users benefit from these standards with good lens durability, visual comfort, safety, the guarantee of optical clarity and resolution. Only those lenses that meet ZEISS exacting standards are good enough to be engraved with the ZEISS "Z" guaranteeing their authenticity and quality. Additionally, ZEISS sun lenses also pass the ANSI standard.

#### Finest Sun Lenses For Your Eyes

- · All ZEISS Sun lenses offer 100% UV protection.
- · With over 99% polarization efficiency, ZEISS polarized lenses reduces glare for a safe and relaxed vision.
- ZEISS anti-reflective coating reduces the light that reflects on the internal surface of the sun lens which cuts blur and internal reflections.

#### No Limitations

Dynamic Labs offers you twenty five styles to choose from. All ranging in price and all are affordable to the optician. You can buy per pair or create your own product package. Don't limit yourself and your customers to pre-manufactured sunglasses when you can have your customer select any frame you have and fit them with a ZEISS Sun lens they can choose.

#### With ZEISS Non-Prescription Sun Lenses You Can:

- Update your current sunglasses with the latest fashion trends in flash mirrors, gradients, and solid tints.
- · Customize the lens with additional features.
- Keep your favorite frames while maintaining uncompromisable vision and protection with new ZEISS Sun lenses.

# The Right Blocking Pad For The Right Job!

A Classic High Performance Pad Works Equally Well on AR Coated and Uncoated Lenses

We added a separate anti-twist film between two layers of adhesive to make the pad firmer thus resisting the high torque forces that can cause pads to twist.

The Tri-part construction was designed specifically to prevent both slipping and twisting.

All BigRed™ pads start with: 7027 NOTE: Style 22 NOT available.

# SecurEdge<sup>™</sup> Plus Pads

A Blocking Pad Designed Exclusively for Super Hydrophobic AR Lenses

A Dual adhesive system has the strongest adhesive available on the lens side with an easy release adhesive on the block side. This super strong adhesive is designed specifically for AR coated lenses. (It might prove more difficult to remove from non AR coated lenses.)

All SecurEdge Plus pads start with: 7024 NOTE: Styles 19, 32, 35, 34, 38, 39, 40 and 42 NOT available.

# **Edging Wheels**

## Standard Roughing Wheel

Our high quality standard roughing wheels are designed to outlast and outperform those provided by the OEM, at a fraction of the cost. Our diamond wheels are available for glass, plastic, polycarbonate, and hi-index lenses.

## Finishing Wheel

Our finishing wheels are manufactured to provide you with the finest quality product at a fraction of the cost of those offered by the OEM.

## **Trivex Roughing Wheel**

Our new Trivex roughing wheel is specifically designed to control the high heat often generated while edging Trivex material. This slotted wheel will reduce the surface temperature of both the wheel and the lens. This allows you to cut Trivex material quickly and efficiently. Whether you're in a production lab or small office, this is the best way to cut Trivex lenses.

## **Polishing Wheel**

Our polishing wheels provide you with a high luster shine. Our finishing and polishing wheels are available as a matched set.

# How do you know when it is time to change the wheels on your edger?

For roughing wheels, watch for these symptoms: Wheel is not cutting or is working slower, has axis problems, or lens slippage. If you have used the same blocking pad for years with good results, and no other conditions in your edging process have changed, it may be time for new edger wheels. You can NOT use dressing sticks on your roughing wheels.

For finishing and polishing wheels – if it is taking too long, or the bevel looks more like a "U" instead of a "V", you can try dressing it with a dressing stick for finishing wheels. The more it is used, the deeper the U area and eventually there is no diamond bond left. It's time to change the wheel.

#### Dynamic Dyes Are Long Lasting and Stay True to Color

Many of our accounts have told us that our brown and black dyes are the best they have ever used. Dynamic Dyes have the longest color retention, losing only a minimal amount of tint over long periods of time.

- Our dyes absorb quickly and evenly
- Available in 4 oz. concentrated liquid or powder formula (Each makes 1 quart)
- Please dilute with distilled water

## **Standard Tints**

#### Compatible with Any Tint Unit

The unique chemical structure of our tints makes them more stable and reduces tinting time. The tint molecules bond to the lens and become part of the lens structure. The lens cures in the tinting process and has a more scratch resistant surface. BPI® Tints are available in 3 oz. (88 ml) plastic bottles. Each 3 oz. bottle makes one quart (946 ml) of solution and tints hundreds of lenses.

## The Lens Shark<sup>™</sup>

#### Makes removing stubborn lenses from frames quick and simple!

The Lens Shark<sup>™</sup> makes removing stubborn lenses from frames quick and simple. With an ergonomic design, it's comfortable and easy to use. Made from high quality materials, it's durable and lasts for thousands of uses!

WARNING! THIS TOOL CREATES A SIGNIFICANT AMOUNT OF LEVERAGE AND CAN DAMAGE FRAMES AND LENSES IF USED IMPROPERLY. USE THE INCLUDED MICROFIBER CLOTH BETWEEN THE LENS SHARK AND THE LENS YOU ARE WORKING WITH. DO NOT USE ON GLASS OR LENSES THAT ARE NOT TEMPERED. WEAR PROTECTIVE EYEWEAR.

The best tools for mounting and removing lenses are usually your hands. There are however, the occasional "stubborn" lenses that are a little tougher to work with. The Lens Shark™ was designed to give you extra leverage for those lenses.

- 4. MULTIPLE SHIPMENTS. Seller may make delivery in installments and may render a separate invoice for each installment, which invoice shall be paid when due, without regard to subsequent deliveries. Each installment shall be deemed a separate sale. Delay in delivery of any installment shall not relieve Buyer of its obligation to accept delivery of remaining installments. Any delivery not in dispute shall be paid for on the due date, as provided in this contract, without offset, defense or counterclaim and regardless of controversies relating to other delivery or undelivered products.
- 5. ACCEPTANCE. Buyer agrees to accept any tender of the Goods by Seller which substantially conforms to the description of the Goods set forth herein, or in 12. NO ORAL MODIFICATIONS. The foregoing terms and conditions may not be and sales order or contract. Buyer shall be deemed to have accepted any Goods and Buyer's right to cancel, reject or claim any damages for breach of warranty or breach of Seller's obligations in connection with the sale of the Goods shall terminate unless Buyer gives Seller notice in writing of Seller's breach in the case of defects discoverable through inspection, 30 (thirty) days after delivery of the Goods or in the case of defects not discoverable through inspection, 30 (thirty) days after invoice date. Acceptance of any non-conforming Goods shall constitute a waiver by Buyer of specification requirements for said Goods. Buyer's acceptance of Goods tendered under this contract shall be final and irrevocable.
- 6. DELIVERY. Delivery of the Goods shall be F.O.B. Seller's shipping point. Seller shall make reasonable efforts to ship Goods and perform services in a timely manner. Seller, however, shall not be responsible for the delay in any shipment or delivery of Goods or services which are not within the control of Seller IN NO EVENT SHALL SELLER, IN THE EVENT OF DELAYS, NONPERFORMANCE, OR OTHERWISE, BE LIABLE TO BUYER OR ANY THIRD PARTIES FOR ANY CONSEQUENTIAL, SPECIAL, OR CONTINGENT DAMAGES. In the event of any delay or failure of performance, Seller shall have such additional time to perform its 15. NO WAIVER. If Seller fails to, or elects not to enforce any right or remedy to obligations hereunder as may reasonably be necessary under the circumstances. If Seller is unable to perform this contract in whole or in part, then to the extent that it is unable to perform, any contract for Goods or services shall be deemed terminated without liability to either party, but shall remain in effect as to any unaffected portion of the contract.
- 7. LIMITATION OF SELLER'S LIABILITY. If Buyer timely notifies Seller in writing of a claimed defect in accordance with the terms set forth herein, Buyer shall concurrently offer Seller the opportunity to investigate the claim and to inspect allegedly defective Goods. If Seller determines that Buyer's claim is valid, Seller may repair the defective Goods or replace the defective Goods with conforming Goods. Failure to offer Seller opportunity to inspect the Goods shall constitute acceptance by Buyer and waiver of all claims for defects. SELLER'S LIABILITY FOR DAMAGES ON ACCOUNT OF A CLAIMED DEFECT IN ANY PRODUCT DELIVERED BY SELLER SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE PRODUCT ON WHICH THE CLAIM IS BASED. Replacement of defective Goods or at Seller's discretion, repayment of the purchase price for any such Goods will be made only upon return of the defective Goods. Specifically and without limiting the generality of the foregoing,

- The following terms and conditions apply to all services and to all merchandise SELLER SHALL NOT BE RESPONSIBLE OR LIABLE TO BUYER OR TO ANY THIRD PARTY FOR ANY LOST PROFITS, OR INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL OR CONTINGENT DAMAGES FOR ANY BREACH OF WARRANTY OR OTHER BREACH OF SELLER'S OBLIGATIONS UNDER THIS OR ANY CONTRACT FOR THE SALE OF GOODS OR SERVICES. If Buyer fails, with or without cause, to furnish Seller with specifications and/or instructions for, or refuses to accept deliveries of any products sold under this contract, or is otherwise in default under or repudiates this contract or any other contract with Seller, or fails to pay when due any invoice under due to Seller, then in addition to any and all remedies allowed by law, Seller without notice may defer shipment under this or any other contract between Buyer and Seller until such default, breach or repudiation is removed and/or (c) may cancel any undelivered portion of this and/or any other contract in whole or in part (Buyer remaining liable for damages).
  - 9. SPECIFICATIONS AND MODELS. Any description of the Goods contained in any sales order or contract, or any sample or model used or referred to shall be for the sole purpose of identifying the Goods, and any such description shall not constitute a warranty that the Goods conform thereto.
  - 10. DISCLAIMER OF WARRANTY. SELLER SPECIFICALLY EXCLUDES ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION ANY WARRANTY THAT THE GOODS SOLD UNDER THIS AGREEMENT ARE MERCHANTABLE OR ARE FIT FOR ANY PARTICULAR PURPOSE.
  - 11. NO ADDITIONAL TERMS. Agents and salesmen of Seller have no authority to make any representations not included herein or to alter any of the terms or conditions contained herein, or to accept any terms not contained herein. Seller hereby rejects any different or additional terms proposed by Buyer or included in Buyer's purchase order or any other document, none of which shall be effective unless set forth in a writing signed by the President or Vice President of Seller.
  - modified orally or by the conduct of any party.
  - 13. JURISDICTION AND GOVERNING LAW. This agreement, and all sales of Goods or services by Seller to Buyer shall be governed by and construed in accordance with the internal laws of the State of New York, without regard to choice of law or conflicts of law principles. Buyer hereby agrees to submit to the exclusive personal jurisdiction of the Courts of the State of New York in connection with any dispute arising out of this agreement or the sales or services provided by Seller to Buyer, with venue of any such action in the appropriate state or federal courts situated in either Nassau or Suffolk County.
  - 14. SEVERABILITY. In the event that any provision of the foregoing terms and conditions is found to be illegal or unenforceable by any court or tribunal of competent jurisdiction, that provision or term shall be stricken entirely by such court or tribunal and the remainder of this agreement between Buyer and Seller shall remain binding on the parties.
  - which it may be entitled hereunder or by law, such right or remedy shall not be waived, nor shall such non-action be construed to confer a waiver as to any continued or future acts, nor shall any other right or remedy be waived as a result thereof.
  - 16. ATTORNEYS' FEES. In addition to all other remedies and damages available, in the event of any litigation arising out of Buyer's failure to pay any amount due hereunder, Seller shall be entitled to recover from Buyer all of its reasonable expenses and disbursements incurred in the collection of such amount, whether by judgment or settlement, or in the enforcement or collection of any judgment or award rendered therein including, without limitation, costs of investigation and reasonable attorneys' fees.
